Dear Parents and Carers

With the new academic year now underway, we wanted to give you advance notice of the exciting trips we will be running during this academic year. Trips have always been an integral part of what we offer to our students and are crucial in supporting their self-awareness and resilience.

We hope that by providing you with this advanced information we will allow you to budget and plan ahead.

The table below outlines what we are hoping to offer over the course of this academic year. As you may appreciate, costs are approximated and some trips may not prove viable to run. Equally, there remains a chance that an opportunity for a new trip may present itself further down the line.

Specific information regarding each trip will be communicated to parents, carers and students nearer to the time and as and when trips are confirmed.
